Science *	10	2	Not specified	No
Physical Education *	3	1	Physical Education 10	No
Career and Life Management (C.A.L.M. 20)	3	1	C.A.L.M. 20	No
Career and Technology Studies (CTS), Phys Ed 20/30 Fine Arts or Second Language	10	2		No
<b>A minimum of two Grade 12 level courses in addition to English 30-1 or 30-2, and Social Studies 30-1 or 30-2</b>	10	2		No

\* 56 Specified Credits    44 Unspecified Credits  
Total Credits = 100

**PREREQUISITES:** A prerequisite is a course that must be completed before the next or higher level course may be taken. Normally a minimum mark of 50% has to be achieved before the following course may be taken, eg. English 10-1 is a prerequisite for English 20-1. A Mark of 50% or more in English 10-1 is required for a student to English 20-1. Credits will be withheld in a course for which a student does not have the prerequisite.

### GRADE 10 PROGRAM ENTRANCE GUIDELINES

To pre-register in these courses students **must** have the following Grade 9 marks, which will be the average of report card marks at the second reporting period in Grade 9.

English 10-1.....	60% or higher in Language Arts 9
English 10-2.....	Less than 60% in Language Arts 9
Social Studies 10-1.....	60% or higher in Social Studies 9
Social Studies 10-2.....	Less than 60% in Social Studies 9
Mathematics 10 C.....	50% or higher in Mathematics 9
Mathematics 10-3.....	Less than 50% in Mathematics 9
Mathematics 10-4.....	Less than 40% in Mathematics 9
Science 10 P.....	60% or higher in Science 9
Science 10 A.....	50 - 60% in Science 9
Science 14.....	Less than 50% in Science 9

### PURPOSES OF DIFFERENT COURSE SERIES

In four subject areas – English, Social Studies, Mathematics and Science – these are different course series that are developed for a variety of purposes and have varying degrees of difficulty. The different course series are numbered accordingly.

- Course series numbered 10-1 20-1 30-1 (and/or Pure and/or AP) and 31 are designed primarily for students planning entry into university or certain programs in colleges and technical schools.
- Course series numbered 10-2 20-2 30-2 (and/or Applied and/or A) are designed primarily for students planning entry into certain programs in colleges and technical schools, trade schools, or entry into employment.
- Course series numbered 14 - 24 are designed primarily for students planning direct career entry into some areas of employment.
- In Science the “A” designation stands for “Applied” and the “P” designation stands for “Pure”. The “Applied” or 10 A course contains more practical application of the subject matter than the “Pure” or 10 P which contains more theoretical knowledge and less practical application skills.
- In Math the “C” designation stands for “Common”; the 10-3 course is designed primarily for students planning direct career entry into some areas of employment.
